Please use the files in the .zip archive to integrate the ERSTE Foundation wordmark (Logotype) into your designs.

Please observe the following guidelines for proper usage:

Clearance

To ensure that the Logotype remains clearly visible and is not disturbed by other graphic elements, a clearance of 10% of the Logotype's width and 25% of its height must always be maintained. This spacing ensures the Logotype remains clear and legible.

Use Exclusively in Black or White

Use the negative version of the Logotype on dark backgrounds.

Minimum Logotype Height

The minimum height of the Logotype is 5 mm.

Usage in Print

For print materials, please use the vector version in CMYK color mode, as it is scalable at any resolution without loss of quality.

Usage on Screens

RGB files are intended for screen use only.

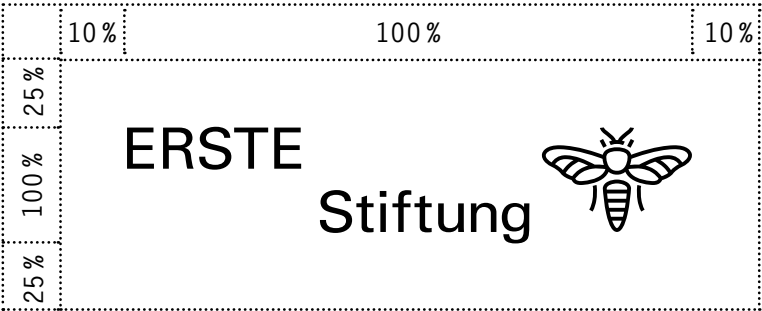

Usage Approval

Any use of the Logotype in conjunction with other brands or Logotypes must be approved by the ERSTE Foundation.
